REMARKS:

Pursuant to the authority delegated by the Board on September 28, 2001 (D-4), right-of-entry permits were issued for beach activities in the past.

After discussion about different types of commercial activities and any associated requirements, staff brings the request to the Board for disposition. The form of disposition could be in form of a revocable permit.

Applicant has not had a lease, permit, easement or other disposition of State lands terminated within the past five years due to non-compliance with such terms and conditions.

No comments were solicited from government or community agencies.

Waikiki Roughwater Swim Committee, Inc. (WRSC) is requesting permission for the finish of the 41st Annual Waikiki Roughwater Swim event, located at Duke Kahanamoku Beach. The swim race event is scheduled for Sunday, September 6, 2010 from 6 a.m. to 2 p.m.,

including the set up and tear down times. Included within Exhibit C, is a map furnished by the applicant, describing the requested beach areas for the swim race event. The map delineates a finish line consisting of one thousand one hundred square feet of beachfront area, fronting the Hilton Hawaiian Village Hotel. The applicant further requests the use of beachfront areas situated adjacent to the finish line for two tents, to serve medical doctor and first aid purposes, and will consist of a total of 200 square feet. Additionally, a third tent will be placed nearby on the beach for T-shirt distribution purposes, also requiring 200 square feet of area. For purposes of the subject revocable permit, the applicant is requesting to pay for a total of 1,500 square feet of beach area.

The proposed activity is of a similar type and scope of beach activities that periodically occurred and continues to occur on this and other beach areas across the State. Such activities have resulted in no known significant impacts, whether immediate or cumulative, to the natural, environmental and/or cultural resources in the area. As such, staff believes that the proposed event would involve negligible or no expansion or change in use of the subject area beyond that previously existing.

Staff has no objections to the subject request.

RECOMMENDATION: That the Board authorize the issuance of a revocable permit to the Waikiki Roughwater Swim Committee, Inc. for the purpose of covering the subject area for a swim race event under the terms and conditions cited above, which are by this reference incorporated herein and further subject to the following:

- a. The standard terms and conditions of the most current revocable permit form, as may be amended from time to time;
- b. Review and approval by the Department of the Attorney General; and
- c. Such other terms and conditions as may be prescribed by the Chairperson to best serve the interests of the State.

Respectfully Submitted,

Timmy Chee
Land Agent

EXEMPTION NOTIFICATION

regarding the preparation of an environmental assessment pursuant to Chapter 343, HRS and Chapter 11-200, HAR

Project Title: Issuance of Revocable Permit for the Waikiki Roughwater Swim Committee, Inc

Project / Reference No.: PSF 100D-124

Project Location: Waikiki, Honolulu, Oahu, Tax Map Key: (1) 2-3-037: portions of: 021.

Project Description: Swim Race Event

Chap. 343 Trigger(s): Use of State Land

Exemption Class No.: In accordance with Hawaii Administrative Rule Section 11-200-8(a)(1)(4) and the Exemption List for the Department of Land and Natural Resources approved by the Environmental Council and dated December 4, 1991, the subject request is exempt from the preparation of an environmental assessment pursuant to Exemption Class No. 1, that states "Operations, repairs or maintenance of existing structures, facilities, equipment, or topographical features, involving negligible or no expansion or change of use beyond that previously existing" and Class No. 4, that states "Minor alteration in the conditions of land, water, or vegetation."

This Division has permitted similar events in the past. The proposed activity is of a similar type and scope of beach activities that periodically occurred and continues to occur on this and other beach areas across the State. Such activities have resulted in no known significant impacts, whether immediate or cumulative, to the natural, environmental and/or cultural resources in the area. As such staff believes that the proposed event would involve negligible or no expansion or change in use of the subject area beyond that previously existing.

Consulted Parties Office of Conservation and Coastal Lands

Recommendation: It is recommended that the Land Board find this project to have minimal or no significant effect on the environment and is presumed to be exempt from the preparation of an environmental assessment.
